INTRODUCTION

On the 225 rolls of this microfilm publication are reproduced the compiled records that give the military service histories of units in volunteer Union organizations. The compiled records are card abstracts containing information relating to the stations, movements, or activities of each unit or a part of it, and frequently to its organization or composition, strength and losses, and disbandment. Sometimes the names of commanding officers, the dates the unit was called into service and mustered out, the terms of service, and similar information are included.

The compilation of records of service by military units of volunteer Union organizations was undertaken simultaneously with the compilation of the service records of volunteer Union soldiers. The work was begun in 1890 under the direction of Capt. Fred C. Ainsworth, head of the Record and Pension Division of the War Department. The abstracts were made from original muster rolls and returns in the custody of the War Department and from rolls borrowed from the Second Auditor of the Treasury. The abstracts made from the original records were verified by a separate operation of comparison, and great care was taken to ensure that the abstracts were accurate.

Most of the compiled records reproduced on this microcopy are arranged alphabetically by State or Territory. The remainder are for units that were not limited to any one State or Territory; among them are the U.S. Colored Troops, U.S. Volunteers, and U.S. Veteran Reserve Corps. The records are further arranged by organizational breakdown under each unit.

Most of the compiled records for each organizational unit are in jacket-envelopes bearing the title "Record of Events" and giving the name of the unit. Many of the cards contain abstracts of the record-of-events information as found in original muster rolls and returns. Also included are some cards showing the exact captions of the muster-in and muster-out rolls that were copied and the certifications by the mustering officers verifying the accuracy of the rolls. The jacket-envelopes for a few units contain no documents but do contain references to other units with which these units were merged. In some instances the references concern transfers of documents.

Preceding the jacket-envelopes for the organizational units there sometimes are envelopes containing general notation cards giving information relating to the units. Some of the notations are statements of determinations made by the War Department concerning the service of the units; others contain information that was found in original records other than muster rolls and returns.

NATIONAL ARCHIVES MICROFILM PUBLICATIONS

There are some card abstracts made from returns that are not in jacket-envelopes. These abstracts were accumulated by the War Department to be interfiled with the regular abstracts but were not interfiled, for one reason or another. The usual reason was that the abstracts made from returns were compiled later than those from muster rolls and in some cases the War Department failed to complete the filing of them. The National Archives has collected all the unjacketed abstracts that could be found for each unit and has filed them immediately after the jacket-envelope containing related abstracts for the unit. A card labeled "Additional Card Abstracts of Records" has been placed at the beginning of each set of unjacketed abstracts to distinguish them from the ones that are in jacket-envelopes.

The National Archives also has compiled service records of the volunteer Union soldiers who served in the units whose service histories are reproduced in this microcopy. They consist of a jacket-envelope for each soldier, labeled with his name, his rank, and the unit in which he served and typically containing (1) card abstracts of entries relating to the soldier as found not only in original muster rolls and returns but in other original records such as hospital rolls, descriptive books, and lists of deserters; and (2) the originals of any papers relating solely to the particular soldier. In a few instances there are compiled service records for volunteer Union soldiers who served in units for which there are neither record-of-events nor general notation cards; consequently, there is no record of such units in this microcopy. These units generally served only for short periods (about 1 to 3 months) or failed to achieve a complete organization. There are card indexes that may be used to locate the compiled service record of a volunteer Union soldier. Most of the indexes and some of the compiled service records of volunteer Union soldiers have been microfilmed.

The compiled records showing the service histories of units in volunteer Union organizations reproduced in this microcopy, the compiled service records of volunteer Union soldiers, and the indexes to the latter are part of Record Group 94, Records of The Adjutant General's Office.

RECORD OF EVENTS.

The Company was with the expedition of General Steele to Camden, Ark., and participated in the hard marches and fighting on the way to that place, where the Army arrived on the 16th day of April 1864. On the 23rd of April the Company and Regt. together with the 2nd Brigade 3rd Div. of Union Corps, were ordered to proceed to Pine Bluff, Ark. to escort supplies back to Gen. Steele's Army at Camden, Ark. when they had arrived within a few miles of Saline River they were attacked by the combined force of Gen's. Marmaduke and Fagan's Cavalry and Mounted Infantry numbering about 7,000 men. The Company and Regt. were in the advance and received

the fire of the Garrison's whole force.
The train was considerably scattered,
and the other two regiments of the Brigade
were far in the rear, they were immediately
surrounded and cut off from all com-
munication with the rear, in this position
they fought for about two hours until
their ammunition was exhausted, then
they used their bayonets, never
surrendering until the enemy came
up and disarmed them, some of
the men cut their way out and
made their escape to Pine Bluffs.
Capt. Lane was killed while
gallantly leading the company.
Lt. Dyer was wounded. Thus
leaving the Company without a
commanding officer.

RECORD OF EVENTS.

Sunday Feb 9/62 marched from Calhoun to Ft Henry, Tenn, arriving there Tuesday the 11th inst. After a delay of 2 hours moved by some boat down the Tennessee river & up the Ohio & Cumberland rivers to Ft Donelson Tenn arriving there on the morning of the 14th inst. Disembarked & took up our line of march for our position in line of battle on the right wing marched 8 miles & bivouacked in the woods about 1/2 of a mile from the upper redoubt of the enemy. About 8 o'clock A.M. on the 15th inst took our position in line & engaged the enemy about 2 hrs. In the afternoon of said day our Regt. in conjunction with the Brig. to which we were attached & the 8 Mo. & the 11th Ind. Regts made a successful charge upon the enemy who was posted on the top of a hill, in front of his fortifications & succeeded in driving him within his entrenchments. (over)

This last charge ended the battle. The next morning we were ordered to march to Ft Henry. Started at 2 o'clock AM during a severe rain storm & the mud $\frac{1}{2}$ leg deep. Reached the latter place about 4 PM on the 17th inst, men worn out by fatigue privation & exposure. Our loss in the battle was: Killed, none; wounded, 3; missing none. The discipline & efficiency of the Co., is as good as can be expected considering the severe marches from Henderson Ky to Calhoun & from thence to South Carrollton & return to Calhoun during the most inclement season of the year, & the fatigue & exposure during the battle, lying on the ground exposed to the tempestuous weather, with insufficient clothing & $\frac{1}{2}$ rations, & particularly the forced march from Ft Donelson to this place as above mentioned.

RECORD OF EVENTS.

Arrived by Str at Pittsburg Landing.
Mch 15/62 & sent to support 1st Ohio Steel
Battery & on the 17th encamped about a mile
from the Tennessee river in 3rd Brig. Gen.
Hurlbute Div. Here we remained until the
memorable fight of the 6th & 7th of Apr. In the
mean time the health of the Co. was very
unfavorable to field duty, as the diarrhoea
prevailed to an alarming extent. Wet weather,
change of water, of climate & many depri-
vations being the cause. Circumstances favor-
able to improvement materially changed a
week or two before the battle. We were enabled
to procure more palatable food, & a healthy
exercise in drill was instituted, which
rapidly gave vigor to the men. We were
called into the fight early in the morning of
the 6th, taking position in 1st Brig., which (over)

held the centre of attack of the rebels
& right nobly did the 3^d Brig hold the
position for 5 hours. The ground on which
the rebels stood was piled with their slain.
After the 44th Regt 3 times repulsed the foe
in front she was ordered to another part of
the line to support a Batt^y which other
Regts had failed to do. We supported the
Batt^y & even made a handsome charge on
the rebels. The Regt was also in the engage-
ment of the 7th, after laying adjacent to
the enemy's lines in a heavy shower of rain
the night previous & Co. F was represented to
the last standing by the riddled colors of our
brave Regt. Casualties of the Co., during the
battle were 2 killed & 17 wounded; among
the latter being our act^g Capt. Le Kimmont,
seriously. Those remaining in the Co., enjoy
a good degree of health & spirits. -

Arrived at St. Charles the 17th and captured a battery of six guns with the loss of nearly all the crew of the "Mound City" but with no casualty to the land forces. The fleet then passed up the river as far as Char- endon stopping at nearly every landing, and being fired at often from the margin of the river by persons concealed among the shrubs and canes. Four or five men were there shot.
